Part B. for June, 1912.

SUBJECT.

Co-operation between the revenue and Health Dep^t. Officials in the matter of vaccination and grant of certificates to one or two ~~villages~~ patels in each taluk who do good work in helping vaccination in their villages.

1. From the Presd^t, Dist^t & Mun^l Boards, Mysore, no 679 & 16.4.09: States that no information has reached him about the want of sympathy between the Rev. and vaccination authorities and that so the vaccinator behaves well towards the patel and other village officials, the vaccination measures can be carried out smoothly.
2. From the Dy. Com^r, Tumkur, no 761 & 20.5.09: States that instances of want of cooperation on the part of the Rev. Dep^tt officials in the matter of vaccination have not been brought to notice.
3. From Do, Kadur, no 38 & 20/24.7.09: States that all possible help is being rendered with reference to vaccination and that necessary G. R. S. 58 instructions have been issued to Rev. Dep^tt officials in the matter.
4. From Dep^t Com^rs of Bangalore, Kolar, Hassan, Shimoga & Chitaldurg Dis^ts, nos 2105-9 & 31.8.10: Requests early reply to para 3 of 4.0. no 9341-60/Misc 185-08-2 & 27.3.09, re the Co-operation between the Revenue and the Vaccination authorities.

5. From the Dy. Comr., Bangalore, No 104 & 26.11.10: States that the co-operation of the revenue authorities begins with Patels and suggests that certificates may be granted annually to one or two patels in each ~~village~~ taluk who help vaccination work.

6. From Dc, Hassan, no 209 & 15.12.10: States that the want of cooperation between the revenue and the vaccination authorities has not been felt in his District.

7. From Dc, Chitaldrug, no 292 & 26.1.11: States that every facility and co-operation is being afforded by the Local authorities and the Patels in the matter of carrying out vaccination in rural parts.

8. From Dc, Shimoga, no. 164 & 6.3.11: States that there is no want of cooperation between the revenue and vaccination authorities.

9. From Dc, Kolar, no 823 & 19.2.12: States that there has been no instance of the lack of cooperation between the revenue and vaccination authorities.

States that since the introduction of the Kurnool system of vaccination in the District the Revenue authorities have been the chief agency through whom the method is being worked out successfully and there has been no instance of their lack of Co-operation

13 From the reports received it is observed that the want of Co-operation between the Revenue and vaccination authorities has not been felt in any of the districts & that all possible facilities are being afforded to the vaccinators by the Revenue officers and that the present system is working satisfactorily.

14 The Dy Commr Mysore Dt states that a great deal depends upon the attitude of the vaccinator himself towards the public and other village officials. Sir,

Adverting to Government order No.9341-60/Medl.185-08-2 dated 27th March 1909, approving of the Sanitary Commissioner's suggestion in re the addition of another form D to the forms prescribed for the working of the Kurnool system of Vaccination in the Districts and calling for my remarks, if any, as to the co-operation between the Revenue and Vaccination authorities; I have the honor to state as follows:-

2. The present system of vaccination is no doubt an improvement over the old one. Since its introduction vaccination is becoming popular in rural tracts and the results, comparatively are unproving gradually. The cooperation of the Revenue authorities begins, as it ought to be, with the Patels who are required to help the vaccinators in vaccinating the unprotected childrem in their respective villages.

3. If instances of the Patels having wantonly or otherwise refused or neglected to help the vaccinators in their work as required in Government order No.5276-307/Medl(111-05)-3 dated 22nd November 1905 are promptly brought to the notice of the Deputy Commissioner, the matter will be enquired into and the erring Patels suitably dealt with. In this connection, I may be allowed to state that if the Patel as the responsible head of his village advises and persuades the parents of unprotected children to get their children vaccinated the inhabitants of the village generally respond to his advice. To strengthen the hands

hands of such of the Patels as take a real interest in popularizing Vaccination, it seems desirable to encourage them and recognize their good work in some way or other. This will be a sort of inducement to other indifferent or weak Patels to exert themselves in the matter. I would suggest the granting by -- Government of certificates annually to one or two Patels in each Taluk who may be reported to have really worked hard in prevailing upon and securing the largest number of people for vaccination, the certificate being distributed by the Jamabandi Officer at the time of Huzur Jamabandi.

Sir,

With reference to para 3 of Government order No. 9341-60/Med.185-08-2 dated 27th. March 1909, calling for my views in re co-operation between Revenue and Vaccination Authorities, I have the honour to state as follows after obtaining reports of the Amildars (thro' S.D. officers) of this District :-

1. Extract from the report of the District Medical and Sanitary Officer of Kadur, received with the Sanitary Commissioner's letter referred to in the Government order, shows that the patel is expected to give some statistics and to attend upon the vaccinator. Most of the patels being illiterate they cannot be expected to have statistics ready. Now that literacy is one of the essentials for the patel office, such may, if considered necessary, be insisted upon only when, in course of time, all the illiterate patels are replaced by literate men. Besides, vaccination not being compulsory, statistics may not be of much avail if people do not come forward of their own accord.

2. Now-a-days, people are sufficiently educated and they know the advantages of vaccination. In the course of their tours, the local Officers have been taking ~~an~~ opportunities to impress on the minds of the people the advantages thereof. The patel who will have been informed of the date of arrival of the vaccinator, can only go round with the

vaccinator

vaccinator and induce people to get themselves vaccinated.

3. The scheme now in force has been working fairly satisfacto-rily. ~~The~~ Form D provides for sufficient check ~~on~~ regarding help rendered by the patel or otherwise. During the Huzur Jamabandy, enquiries are being made of the villagers etc., and any deriliction of duty on the part of the patel or the vaccinator is duly noticed.

4. In ~~time~~ Conclusion, I may mention that want of co-operation between the Revenue and the Vaccination Authorities has not been felt in this District.

To,

C.S. Balasundaram Iyer Esq BA
O/C

Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

Sir,

With reference to your No 4939 (Sau) dated 23d January 1912 on the subject of co-operation between the Revenue and Vaccination Authorities I have the honor to state that: -

(1) Since the introduction of the Kurnool System of Vaccination in the district, the Revenue Authorities have been the chief agency through whom

the method is being worked as successfully and there has been no instance of their lack of cooperation

2 Although the System is working very successfully in this District, far better results could have been achieved if the Builder, the local head of the Taluk, had some control over the movements and work of the vaccinator. The influence and presence of the Revenue Authorities in rural areas will be of great value in encouraging vaccination. The District Sanitary Officer under whose direct control the vaccinators are placed at present finds little or no time to frequently supervise the work of every individual vaccinator throughout the District.

3. To remedy some of the defects

16

noted in the present system of work it is highly desirable that the Sanitary should be the immediate superior of the Vaccinator controlling his movements and work through Sanitary Inspectors. The District Sanitary Officer is of course the head of the department exercising all the powers conferred on him in Govt. Reso. No: 3447-57 Sanity 150-10-2 dated 2nd November 1911

I have the honor to be,
Sir,
your most obedient Servant

[illegible]
Assistant Commissioner
for Deputy Commissioner (Absent)
Kolar District.
